

## My favourite Season

My favourite season is summer. The weather is usually warm and sunny. I do not have school holidays during the year, but in summer I have a long break from school. I often go to the beach with my family and swim in the sea. In the evenings, we sometimes have barbecues in the garden. I also enjoy riding my bike and eating ice cream on hot days. Summer is my favourite season because I can spend more time outdoors.
